

## Bancal Table

Julià Espinàs, Olga Tarrasó. 2012

SANTA & COLE  
urbidermis

**Code:** BCM

**Materials:** The table structure is made of a 8 mm bent steel sheet with anti-rust protection and powder painted. The slats are solid tropical wood planks measuring 40 x 140 mm and 220 cm in length, FSC®-certified, protected with a one-coat oil.

**Slats:**

Tropical wood (FSC®). One-coat oil finish

**Structure:** Steel

Painted RAL 9006

Painted RAL 7024

(Other colours available to order)

**Weight:**

90 Kg.

**Installation:** The table is attached to the ground by two anti-rust treated steel bolts on every leg which are placed in holes drilled into the road surface and filled with epoxy resin, quick-setting cement or similar. The table is delivered dismantled in two parts: the leg structure with two brackets and the crossbeam, and the top. Anchor bolts, screws and assembly instructions included. One or both benches can be ordered to measure 1.50 m in length instead of the standard 2.24 m to enable wheelchair access. The total height of the table is 74 cm, giving a free height of 70 cm for wheelchair users.

**Maintenance:** : No functional maintenance is required, except to preserve the original wood colour.
