

BELLOCH CHAIR

Chair

2009

GENERAL DESCRIPTION

IIDA Award of Excellence 2009

Santa & Cole commissioned this everyday, indoor and outdoor chair for its headquarters in Belloch (Barcelona) from the Lagranja studio. The result is stylistically reminiscent of Charles and Ray Eames. Traditionally made in white or grey, we are now including the sobriety of black. With their supportive design, reasonable price and functional quality, these chairs encourage many hours of comfortable use in all kinds of space and project worldwide.

APPROXIMATE WEIGHT (unpacked)

(1.) Silla Belloch with beech wood legs

3,8 kg / 8.3 lb

(2.) Silla Belloch with aluminium legs

4 kg / 8.8 lb

TECHNICAL CHARACTERISTICS

The chair complies with the following quality standards:

UNE-EN 581-1, UNE-EN 581-2, UNE-EN 1728, UNE-EN 1022.

SEAT and BACK

Seat and back technical polymer with fiberglass (PP+GF).

For indoor: three different finishes; white, grey or black.

For outdoor: Two different finishes; white or grey.

LEGS

For indoor: Natural beech wood legs.

For outdoor: Matt anodized aluminium legs.

MAINTENANCE

For the best maintenance of the chair we recommend to clean it with a soft cloth, slightly damp with a soapy solution.

Do not use ammonia products, solvents, abrasive, etc.

OTHERS

Suitable only for indoor use (wooden legs) and outdoor (aluminum legs).

Stackable, we recommend to stack a maximum of four chairs.

The chair is delivered for unit or groupage.

(1.) Belloch chair with beech wood legs . (2.) with aluminium legs
