

Bancal Table

Julià Espinàs, Olga Tarrasó. 2012

Code: BCM

Materials: The table structure is made of a 6 mm bent steel sheet with anti-rust protection and powder painted. The slats are solid tropical wood planks measuring 40 x 140 mm and 220 cm in length, FSC®-certified, protected with a one-coat oil.

Slats:

Tropical wood (FSC®). One-coat oil finish

Structure: Steel

Painted RAL 9006

Painted RAL 7024

(Other colours available to order)

Weight:

90 Kg.

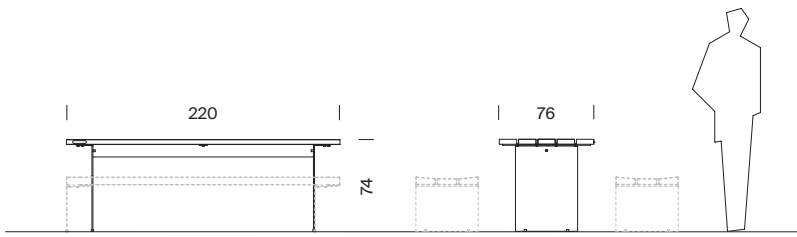

Installation: The table is attached to the ground by two anti-rust treated steel bolts on every leg which are placed in holes drilled into the road surface and filled with epoxy resin, quick-setting cement or similar. The table is delivered dismantled in two parts: the leg structure with two brackets and the crossbeam, and the top. Anchor bolts, screws and assembly instructions included. One or both benches can be ordered to measure 1.50 m in length instead of the standard 2.24 m to enable wheelchair access. The total height of the table is 74 cm, giving a free height of 70 cm for wheelchair users.

Maintenance: : No functional maintenance is required, except to preserve the original wood colour.
