

## Bilateral Bench

Julià Espinàs, Olga Tarrasó. 2005

**Code:** BLB

**Materials:** Structure, armrests and frame for slats made of 8 mm bent steel plate, with anti-rust protection and black powder coating. Seat with or without backrest made of FSC®-certified tropical hardwood slats protected with one-coat oil. The outer slats are 30/40 x 120 mm and the inner slats 40 x 60 mm.

**Slats:**

Tropical wood (FSC®). One-coat oil finish.

**Structure:**

Steel. Painted RAL 7024.  
(Other colours available to order)

**Weight:**

1 section with backrest: 61 kg.  
1 section without backrest: 49 kg.

**Installation:** Fixed to the ground with two stainless steel screws per structure.

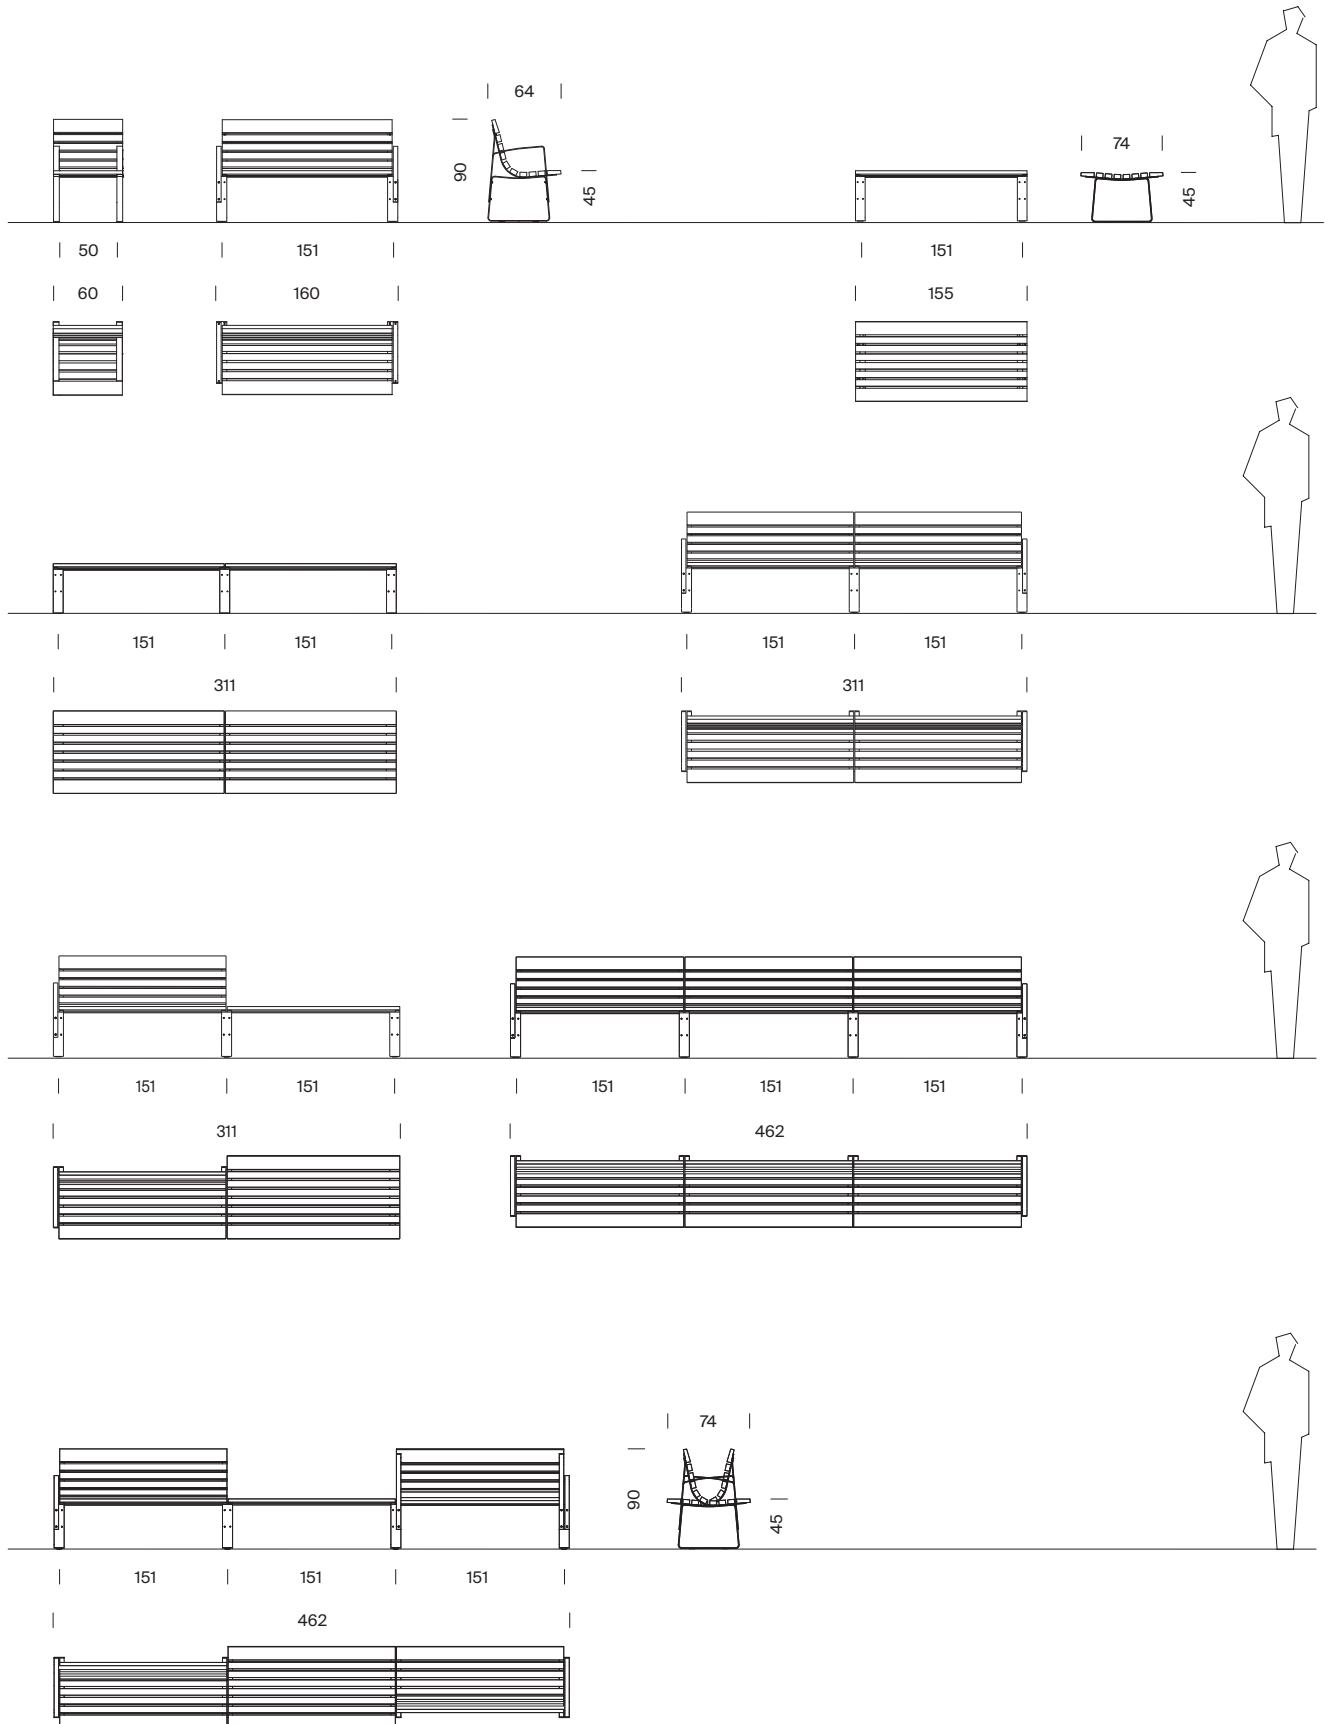

The bench is delivered dismantled and packaged in two parts: the support structures, and the seat with or without backrest. The bench is delivered with assembly instructions.

**Maintenance:** No functional maintenance is required, except to preserve the original colour of the wood. (For further information about this product, log onto the website [www.santacole.com](http://www.santacole.com))

**Applicable standards:** UNE EN 335, UNE EN 12727, UNE EN 581, UNE 41510
