

# CUBRIK 36/100

Hanging Lamp

2005

## GENERAL DESCRIPTION

The Cubrik family was born in 2005 with two hanging lamps of 36 and 100 plates and owes its name to the famous Rubik cube. Antoni Arola's idea was to make a large-sized cubical lamp that would offer as many possibilities of composition as there are moods, so that the user could have a different lamp at any given moment.
