

Moon Bench

Enric Batlle, Joan Roig. 1994

Code: MOB

Materials: Cast iron legs with black powder paint and anti-rust primer.

The sections joining the slats to the legs are made of steel with anti-rust primer and a black powder paint finish.

All of the screws for the slats are made of steel with anti-rust protection.

Seat and backrest made of FSC®-certified tropical wooden slats protected with a one-coat oil, and measuring 45 x 45 mm across and 45 x 200 mm at the ends, and 1.80 and 3 m long.

Slats:

Tropical wood (FSC®). One-coat oil finish

Structure:

Cast iron. Painted RAL 7024

Weight:

1.80 m without backrest: 114 kg.

1.80 m with backrest: 132 kg.

3.00 m without backrest: 131 kg.

3.00 m with backrest: 167 kg.

Installation: Attached to the ground by two anti-rust treated steel bolts on every leg which are placed in holes drilled into the road surface and filled with epoxy resin, quick-setting cement or similar.

The bench is delivered dismantled and packaged in two parts: the support structures, and the seat, with or without backrest. Anchor bolts and assembly instructions included.

Maintenance: No functional maintenance is required, except to preserve the original colour of the wood.
