

## Sísís cilíndricas

Santa & Cole Team. 1993  
Pendant lamp

Ever since its inception, Santa & Cole has developed this simple, highly customisable system for assembling individual pendant lamps. Sísís features several types of rosettes for the ceiling in a range of finishes for the best fit, combined with shades in a variety of sizes, shapes and materials.

Cylindrical in shape, there are two sizes: the PT2 being the small one, and the GT2, the larger one. Depending on the size, the lampshades are available in parchment, linen or ribbon in ecru, red-amber and black.

Sísís is a versatile system adaptable to the needs of any space, with well-sized lampshades available in different styles: ribbon, linen or stitched parchment.
