Wall lamp

A wall lamp with a lighting arm that runs from left to right like a vertical light scanner on a background with a colour gradient made of a gently reflective material. This simple principle of reflection makes CORSO the first fluorescent lamp that enables chromatic variations merely by moving the arm, which houses two fluorescent tubes protected by an internal diffuser.

GENERAL DESCRIPTION

Black metal structural frame with moveable arm.

Printed Dibond recessed fixture with colour gradient (from yellow to red) and matte finish.

LIGHT SOURCE

2 x Fluorescent. T5. Linear: 24 W G5
